## WOM guide Macau officially launched

11/09/2010 03:00:00

The WOM (Word of Mouth) online Macau Guide in English and Chinese was officially launched last Thursday, covering 300 restaurants.

"Macau was the obvious next step for us," Fergus Fung, co-founder with Samanta Pong, was quoted as saying by South China Morning Post.

"The city has about 1,000 licensed restaurants, most of which are Starbucks and McDonald's; so the 300 we've vetted and featured are the ones foodies want to pay attention to."

The Macau Guide launch party took place at the Macau Restaurant in Connaught Road, in Hong Kong.

Representing the people's voice of dining in the city, WOMguide.com is a comprehensive and unique online food magazine and restaurant guide. It features over 2,000 restaurants in Hong Kong and now 300 restaurants in Macau.

In May, it was awarded the 2010 SME Entrepreneurship Award from the Hong Kong Chamber of Small and Medium Business.
