

GLORIOUS FOOD

Foodie **Fergus Fung** has been busy eating out with friends. The second edition of *WOM (Word Of Mouth) Guide* – Hong Kong's first survey-based restaurant guidebook and website, which Fung co-founded – came out last December and contains 1,000 independent restaurant reviews in 50 categories gathered from the feedback of 1,500 website members. Fung recently donated copies of *WOM* to Heep Hong Society's Great Chefs event. Perhaps the third edition of the guide – scheduled for an October launch – will feature some of these kitchen maestros.
